OFFICE OF THE ACCOUNTANT GENERAL, BOMBAY.
Bombay, the 27 March 1943.

From

P.G.Shah, Esq.,
ACCOUNTANT GENERAL, BOMBAY.

To

The Secretary to Government,
Public Works Department,
Bombay.

Subject:- Declaration of famine in Bijapur District.

Sir,

N+F File No. 4523/39 C

I have the honour to invite a reference to Government Resolutions Revenue Department No. 1747/39 dated 8.12.1942 and 21.12.1942 declaring that a state of famine exists in certain talukas of the Bijapur District and to Government Revenue Department letter No.1747-A/39 dated 19th February 1943 to the Collector Bijapur specifying the famine relief works that should be undertaken as directed under section 80 of the Famine Relief Code and to state that the famine accounts of each sub-division offices and Executive Engineer are expected to be kept entirely separate from the ordinary accounts of the Division and that there should be separate cash book, cheque books, pass book and treasury remittance book (Vide section 258 of the Famine Relief Code) detailed rules in chapter XVIII of that Code being followed in the preparation and submission of the monthly accounts. It will also be necessary to conduct the test audit prescribed in section 263 of that Code.

Slip R - File No. 4523/39 7

Sh. B. File No. S.62/3 4162

2. Reference is also invited to section 34 of the Famine Relief Code and it is necessary for Government to declare which of the works now in progress as scarcity work will be continued as such, and which others will be converted into Famine relief works. All works newly undertaken should of course be classified as Famine relief works.

3. It is not clear whether a separate establishment will be entertained for the execution of the works sanctioned in Revenue Department letter No.1747-A/39 dated 19th February 1943 under the supervision of the Executive Engineer Bijapur Division as required by section 81 of the Famine Relief Code. If separate establishment is maintained and famine tools are used on the works, it will be necessary to charge only supervision charges at such rate as Government may fix. If, however, the works are to be carried out by the Executive Engineer without separate staff establishment and tools and plant charges at 27 per cent will have to be levied vide rule 5(1)(c) of Appendix V of the Bombay Public Works Department Manual Volume II. whichever method

SS - Part 4 of the Bom. P.W.D. Manual.

is followed for the execution of the famine relief works, it is necessary as stated above that separate accounts should be maintained for the famine relief expenditure. Reference is also invited to the large delegation of powers sanctioned to overseers in charge of famine works in Government Public Works Department letter No.1059/36-W dated 11.2.1943. Most of the expenditure on famine relief works will be on muster rolls or petty bills which can be audited only locally. For the discharge of these duties, it is usual to appoint a separate famine Divisional Accountant and if Government think that such an appointment is justified by the nature and the magnitude of the transaction, I suggest that sanction may be accorded to the creation of an appointment on the usual time scale rate of pay for a period of three months in the first instance from the date of entertainment.

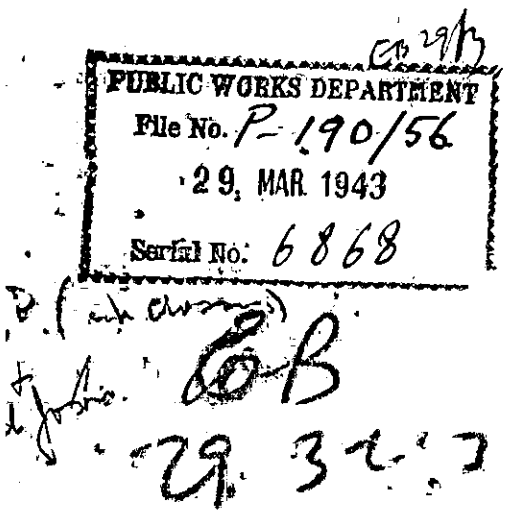
× Slip of file No. 2523/53/7

4. The Executive Engineer, Bijapur Division is being requested to maintain separate cash books, cheque books etc., for the famine transactions commencing from 1.4.1943 and to compile and submit separate accounts to this office.

Your obedient servant,

P G Shah

ACCOUNTANT GENERAL.



Letter No.Bj-22, dated the 26th March 1943, from the Executive Engineer, Bijapur Division, to the Superintending Engineer, Southern Circle, Belgaum.

Subject:-Famine Establishment.

"Famine has been declared by Government in many talukas in the Bijapur District and in Navalgund taluka and Nargund petha of Dharwar District within the jurisdiction of the Bijapur Division. A new Sub-Division termed Bijapur Famine Sub-Division has also been opened from 1st March 1943. There are at present twenty Famine and scarcity works with twenty centres opened for famine and Scarcity labour and many others are going to be opened shortly.

Relief Code A-16.

2. In accordance with section 65 of the Famine Relief Code, payment to all the scarcity labour has to be made weekly through gangers and prompt audit of all the numerous vouchers is an absolute necessity. In addition the work of maintaining accounts of several major works opened as Famine and Scarcity works, question concerning rates of wages, allotments etc., has been abnormally increased.

3. For all the above facts, it is getting more and more difficult for one Divisional Accountant to shoulder the increasing accounts work and as, at many centres, the number of labourers has been increasing rapidly, the need for an additional Accountant is keenly felt.

-do- A-54

4. The necessity of an additional Accountant in like circumstances has already been acknowledged in section 262 of Famine Relief Code and no more stress is deemed necessary on the point.

5. I would, therefore, request you please to move Government to sanction the post of a second Accountant for this Division to end of October 1943 or till the Famine is over, whichever may be earlier, in the circumstances explained above.

Copy forwarded, with compliments, to the Secretary to Government, Public Works Department, Bombay, in concurrence.

2. The Accountant General, Bombay, in his letter No.

...l .Staff, dated the 27th March 1943 addressed to Government, has also explained the necessity for a second Accountant for the Divisional office, Bijapur, and although that office has asked for sanction to the creation of the post for a period of three months in the first instance, it is considered that the post would be necessary for the duration of the famine and one month after to clear all the outstanding accounts.

3. It is, therefore, requested that Government be pleased to sanction the post of a second Accountant until the end of October 1943.

Para.3 of the A.G's letter. For the execution of famine relief works in the Bijapur and Bagewadi Talukas of the Bijapur Dt., Bijapur Famine Works Sub-dn. has been created with effect from the 1-3-43 to the 30-9-43. Famine has been declared practically throughout the whole of the Bijapur Dt. also. It is proposed separately to create 17 tempy. posts of overseers for famine relief works in the Bijapur Dt. It is presumed that famine tools will be used. A report on para.3 of the A.G's letter may therefore be obtained from the S.E. and he may be requested to suggest the rate at which supervision charges may be levied.

2. The A.G., Bombay, states that it is usual to appoint a famine Dnl. Accountant. That officer accordingly requests that an addnl. Accountant may be sanctioned for the Bijapur Dn. for a period of three months from the date of entertainment, in the usual scale of pay. The S.E., S.C, considers that the Accountant would be necy. for the duration of the famine and one month after to clear all the outstanding accounts. The S.E. accordingly recommends that the post of the second Accountant may be sanctioned until the end of Oct. 1943. It is accordingly for orders -

Subject:-Second Divisional Accountant for the Bijapur Dn.

Reference: Government Letter No.P.190/56/7090-E, dated the 28th April 1943.

2. A separate establishment, the cost of which is entirely debited to the head '54-Famine Relief', has been entertained for execution of the Famine Relief Works in the Bijapur Division and Famine tools are used thereon. It is, therefore, proposed that on the analogy of the orders contained in G.M.(P.W.D.) No.1775/36-E, dated the 23rd June 1942, supervision and Secretariat charges at 3½ per cent (2½% + 1%) may be levied on the works expenditure incurred in that Division under the head '54-Famine Relief'.

3. Certain Village Water Supply Works which have been in progress in the now defunct Muddebihal Village Water Supply Sub-Division have also been entrusted to the special Famine Works Sub-Division in so far as they lie within its jurisdiction for administrative convenience. Since the well works entrusted to this special Sub-Division are considered trifling, the allocation of charges of Establishment and Tools and Plant of that Sub-Division to the well works carried by that Sub-Division on a pro-rata basis or otherwise, does not appear necessary. Moreover, owing to acute

famine conditions, many difficulties are being met with in executing the well works. In certain cases, the further execution of incomplete works has been held over until the situation has improved.

4. The lists of works, as required by paragraph 4 of the Government letter under reply, are submitted herewith after consultation with the Collector of Bijapur. A copy of the lists has also been furnished to the Accountant General, Bombay, separately, as directed therein.

Subject:-Second Divisional Accountant for the Bijapur Division.

"Reference para 2 of Government Memorandum No.P.190/56/7090-E, dated the 28th April 1943.

2. According to para 2 quoted above the post of a second Divisional Accountant has been sanctioned for three months in the first instance from the date of appointment.

3. The sanction for the post will therefore expire on 18th August 1943 reckoned three months with effect from 19th May 1943 B.N. the date on which Mr.N.D.Sohoni, Offg.Accountant assumed charge.

4. Since the circumstances which necessitated the creation of the post have not improved so far, and it is difficult at this stage to foresee when they would improve, it is recommended that the additional Accountant's post may please be continued for at least three months more.

5. It is therefore requested that Government be moved to accord sanction for the continuance of the post of the second Accountant for a further period of three months or to end of the period during which the famine conditions exist and one month after to clear all outstanding accounts work whichever is earlier."

In G.L.N.P.190/36/22083-E, dated the 24-8-43, sanction was accorded to the continuance of the second tempy. Dnl. Accountant's post in the Dnl. office, Bijapur, upto the 18-11-43 or until the cessation of the famine conditions in the Bijapur Dt. and one month thereafter whichever was earlier. This was based on the S.E.S.C's recommendation, which was endorsed by the A.G.
